ONLINE AUCTION & DONORS

A convenient online auction was offered this year with over 114 separate items to be won. There was a lot of variety in the packages, so there was something to appeal to everyone. And bid, they did! Very brisk bidding on travel packages, accommodation, golf, sporting events, wining and dining, items for your home demonstrated the quality of the donated items. The system notified bidders if they had been outbid on an item of interest, making tracking of your bids easy.
